

GRAF CLEANER

Low VOC Bio-Based Graffiti Cleaner

Description

GRAF CLEANER is a Bio-Based Graffiti cleaner, VOC compliant in all states. GRAF CLEANER is an effective and safe liquid or semi-gelled sprayable graffiti cleaner that removes all forms of graffiti from various substrates including reflective vinyl road signs, brick walls, wood, metal, asphalt, subway cars, municipal buses, and particularly on railroad freight cars and tankers.

These products have been thoroughly field tested on a myriad of different graffiti types including enamel, acrylic and epoxy paints, marker pens, lipstick and adhesive backed stickers.

Operational Characteristics

- . Bio-based, non-toxic formulary**
- . Readily biodegradable, Non-flammable**
- . Low VOC (117.5 g/l .98lb/gal emitted)**
- . Does not contain any hazardous air pollutants, global warming Compounds, or ozone depleting chemicals**
- . Made from renewable natural feedstock and other natural ingredients**

Physical & Chemical Properties

. Appearance:	Dark Straw Colored Liquid
. Odor:	Mild
. Density:	1.035 g/ml (8.64 lb/gal)
. Specific Gravity:	1.035
. Boiling Point:	.100 C (.212 F)
. Melting Point:	Not Established
. VOC (Theoretical)	0.98 lb/gal 117.5 g/l Emitted VOC
. pH	6-7
. Volatile Volume:	60.25% (Calculated)
. Evaporation Rate	<1 (BuAc = 1)
. Solubility in Water:	Partially Soluble

Application Instructions

- 1) Apply generous amount wetting dry area needing cleaning with brush, roller or sprayer.
- 2) Allow 5 to 15 minutes dwell time depending on how heavy the contamination is.
- 3) Never leave on Mylar covered signs for more than three to five minutes.
- 4) Agitate with brush or dry rag and rinse with water or pressure washer.
- 5) Some stains may require a second application. The surface must be dry first, then repeat process.
